PO no: **ZZ/888/009/D/2018**

Gdańsk, 27.08.2018

NOTICE OF GIVEN ORDER

Purchaser - Gdansk University of Technology Faculty of Electronics, Telecommunications and Informatics, with its registered office in Gdansk 80-233, 11/12 G. Narutowicza St., NIP PL 584-020-35-93, REGON 000001620 acting pursuant to article 4d.1.1 of the Act of 29 January 2004 Public Procurement Law (Journal of Laws of 2017, item 1579, as amended), in connection with article 30a of the Act of 30 April 2010 r. on the principles of financing science (Journal of Laws of 2018, item 87) informs about the call for tender in the field of science for the delivery of a universal system for testing planar fuel cells and a power supply for the needs of the project named "Testing and minimization of ohmic and polarization losses in oxide electrochemical cells by the use of nanocrystalline ceramic layers" contract number: UMO-2017/25/B/ST8/02275, financed from the National Science Center Poland.

1. Detailed description of the object of the contract:

The ordering party divided the subject of the contract into two parts:

- Part A - Delivery of a universal system for testing planar fuel cells
- Part B - Supply of the power supply

allowing the possibility of submitting an offer to a selected part. A detailed description of the subject of the order can be found in Annex 1 to this announcement.

The subject of the order includes its delivery to the of the Purchaser. The ordering party requires that the subject of the order be brand new, free from any defects and damages and can not be subject to the rights of third parties.

All devices offered for the subject of the order must have at least 24 a monthly quality guarantee calculated from the date of signing the delivery-acceptance protocol.

The maximum delivery time counted from the day of signing the contract is 2 months.

2. The offer should include:

- a) description of the subject of the contract (own descriptions or catalog printouts with the model, type of the device, confirming all the parameters described in Attachment 1 to this announcement);
- b) the price, including any costs necessary to perform the contract
- c) date of order execution;
- d) warranty period
- e) date of validity of the offer

3. Description of how the bid price is calculated:

- a) the price of the offer is the price specified on the form "FORM FOR PRICE AND SERVICE" (the form is Attachment 2 to this announcement);
- b) the price must be in Polish zloty PLN or other currency;
- c) the price of the offer will be recalculated to gross (including VAT), to two decimal places;
- d) in the case of submitting an offer in a currency other than PLN, the offer price will be converted into PLN according to the NBP exchange rate, table A, valid on the day designated for submission of bids;

e) the price of the offer should be calculated taking into account all the costs necessary for the proper performance of the order, including in particular the purchase price of the subject of the order, the cost of transport to the Contracting Authority's premises, guarantee, possible customs duties, by the Orderer.

4. The offer must be submitted by **04.09.2018, 10:00**, in writing to Gdansk University of Technology Faculty of Electronics, Telecommunications and Informatics, 80-233 Gdańsk, 11/12 G. Narutowicza St., Building WETI A, room 116, by fax no 58 347-24-45 or by e-mail to: logistyka@eti.pg.edu.pl with the title in the email ZZ/888/009/D/2018. Tenders submitted in electronic form should be prepared in the form of a scan of the original and must necessarily include the signature of the person submitting the offer. The Contractor may apply to the Employer for clarification of the contents of the announcement by e-mail: logistyka@eti.pg.edu.pl

5. Criteria for evaluation of tenders

When choosing an offer, the contractor will be guided by the following evaluation criteria: Price - 100%. The contractor will give the contract to the Contractor, who will submit an offer that meets all the conditions of the contract and will propose the lowest price. In the event that two or more bids with the same price are submitted, the Purchaser will call the Contractors who submitted these tenders to submit additional bids within the time limit specified by the Ordering Party. Contractors who submit additional offers can not offer prices higher than those offered in previously submitted bids.

6. When submitting an offer, the Contractor undertakes, in the case of selecting his offer as the most advantageous, to sign a contract with the content in accordance with the model constituting Annex 3 to this announcement, on the date indicated by the Contracting Party.

8. The Purchaser reserves the right to cancel the call at any time without giving reasons.

9. Attachments:

- 1) Detailed description of the object of the contract:
- 2) Form for price and service
- 3) Draft of the agreement
